Oeiras, Portugal | Portuguese and Brazilian

Work Experience:

MOP (Out-Of-Home Advertising & Media)

Data Strategist (October 2023 – March 2026)

- By applying statistical data models and geospatial data pipelines, delivered 6 new audience-targeted products, representing 42% (3.5M) of total results by the end of Q3/25, and a 66% increase compared to 2024;
- Built and optimized Python machine learning models to forecast market investments from historical advertising data, delivering dashboards that enabled stakeholders to access insights instantly instead of monthly, streamlining decision-making and increasing operational agility;
- Developed scalable AI applications to support business intelligence and knowledge management by combining LLMs in a RAG framework. Built an end-to-end pipeline for document ingestion, embedding generation, vector search, and response orchestration, enabling precise, context-aware information retrieval for stakeholders;
- Designed, implemented, and automated business processes for data-driven products, reducing Product Development Cycle Time (TTM) from 5 days to 1 (−80%);
- Conducted market research and competitive analysis across the OOH advertising industry, analyzing market trends, audience behavior, media investment, and competitor activity to identify commercial opportunities and support data-driven business and product strategies;
- Normalized asset databases and developed ETL/ELT pipelines in relational systems, managing large-scale geospatial datasets to streamline decision-making and improve operational efficiency.

XEROX | JODRAX (Technology & Document Solutions)

Account Manager (December 2022 – October 2023)

- Proactively prospecting new clients and managing a customer portfolio, proposing hardware and software solutions overcame 19% and 22% revenue compared to the company's objectives in the 1st and 2nd quarters of 2023 by using python scripts to automate manual tasks;

- Design, manage, and implement projects, overseeing their successful completion, with MPF´s and SaaS;
- Act as the main point of contact between clients and shareholders, ensuring effective communication and satisfaction.

ESPAÇO VENEZA CARIOCA (Events & Hospitality)

Account Manager (2015 - 2016)

- Coordinated sales and pricing strategy using Excel and Access databases (CRM), resulting in a better understanding of customer needs and improved sales efficiency;
- Negotiated with fashion and catering business partners to create catalogues for weddings and corporate events, leading to a significant sales increase of 300% in 2016 compared to 2015;
- Developed a commercial database of contract models, collaborating with stakeholders, aiming to automate business processes.

General Manager (January 2016 - December 2019)

- Managed daily activities related to events, including supplier prospecting and management, marketing actions, negotiation of commercial proposals, and partnerships;
- Oversaw event operations, resolved issues promptly, recruited and managed staff, suppliers, and guests;
- Defined and executed the business strategy, including business development initiatives and presentations to the board;
- Successfully conducted the sale of Veneza Carioca, managing tax assessment, legal liabilities and transaction execution.
